

# Steer to Career DRV

## Final project workshop

Join us to discover how professional truck and bus drivers can be prepared for working in and with a fully autonomous commercial vehicle.

This two hour workshop, hosted on Zoom, will give you an insight into how their work will evolve, the steps that employers need to take to avoid a loss of skills and knowledge and how autonomous vehicles will help to shape our transportation future.

### Agenda

**09:30 / Welcome & project highlights** James Tillyer, Transformation

**09:45 / Driver development curriculum** Dimitris Tzanis, Certh HIT

**10:00 / CAD projects & focus on the future** Zeljko Jeftic, Ertico
